Theme— The Mass

The words of consecration are frequently referred to today as the account of the institution of the Eucharist. There is an intended shift of emphasis here and it has a lot to recommend it. The idea is to move away from an automatic understanding of what happens when the words are said by the priest. The reality which such an automatic understanding could easily obscure is that God is always the master of God's own gift. This truth can help us to avoid taking God's gift for granted.

Reflection

SERENITY PRAYER

God, grant me the serenity to accept the things I cannot change; courage to change the things I can; and wisdom to know the difference.

Living one day at a time; enjoying one moment at a time; accepting hardships as the pathway to peace; taking, as He did, this sinful world as it is, not as I would have it; trusting that He will make all things right if I surrender to His Will; that I may be reasonable happy in this life and supremely happy with Him forever in the next. Amen
